

voestalpine BÖHLER Aerospace GmbH & Co KG

Supplier Quality Approval

300444/2023

This is to certify that the organization

Special Metals Corporation

4317 Middle Settlement Rd.

New Hartford, NY 13413-5392 United States

has been granted approval to
voestalpine BÖHLER Aerospace Quality Standard QS-Z1/7

Scope of Approval:

Manufactures alloy products for forging, powder and machining bar applications to both double melt and triple melt premium rotating, AMS and structural specifications

This Approval is based on:

Supplier Self Assessment 2023-09-15

DNV GL- EN9100:2018, AS9100D / JISQ9100:2016 Certif. No 85208-2010-AQ-US-ANAB

voestalpine BÖHLER Aerospace reserves the right to perform evaluation of the completion of the CAR issued by Other Parties Certification bodies and to verify the QS-Z 1/7 Requirements and to perform product audits to verify compliance with voestalpine BÖHLER Aerospace Requirements. Other Party Approvals do not relieve the supplier to follow QS-Z 1/7. Other Party Approvals mentioned above must be maintained by the organization to keep valid this certificate and updated certificates must be submitted to voestalpine BÖHLER Aerospace. In the case of any cancellation or change of the status of these Other Party Approvals or other approvals relating to the scope of approval, voestalpine BÖHLER Aerospace must be informed immediately.
