February 15, 2024

Effective with new orders placed after the close of business on February 16, 2024, the Huntington Alloys division of Special Metals Corporation will increase base prices on all round products by 8-15%.

The base price increase is necessary to support continued investment and growth in our business.

Please contact your PCC Energy Group sales representative if you have any questions.

Sincerely,

A handwritten signature in blue ink that reads "Terry Engle". The signature is written in a cursive style.

Terry Engle  
Vice President, Global Sales  
Special Metals Corp., A PCC Company
