September 25, 2023

Effective with new orders placed after the close of business on September 29, 2023, the Huntington Alloys division of Special Metals Corporation will raise base prices on long products by 10-15%.

The base price increase is necessary to support continued investment and growth in our business.

Please contact your PCC Energy Group sales representative if you have any questions.

Sincerely,

A handwritten signature in blue ink that reads "Terry Engle".
